Dear Friends,

Since 1880, the Hunkins & Eaton Insurance Agency has served the property and casualty needs of the greater Littleton area with pride and professionalism. I purchased the firm from my parents, Winton and Patricia Eastman, in 1993; they had owned the business since 1957.

I am incredibly pleased to announce that my wife Tonya and I have sold the Hunkins & Eaton Insurance Agency to another long-standing, local, professional firm, *Geo. M. Stevens & Son Co. (GMS)*. The Stevens agency has likewise served our region since the 1880s, offering property and casualty insurance as well as life and health insurance products. *GMS* has offices in Littleton, Lancaster, Lisbon, and Colebrook. The *GMS* principals, Chris Knapp and Keith Young, are highly regarded, local insurance professionals with a deep commitment to the North Country.

Most importantly, the outstanding staff of our agency, Teresa Dodge, Jennie Fischer-Vear and Katrina Morse, will be joining the *GMS*, as will our part-time associate, Lucy Peloquin, who will be rejoining the *GMS* family! They are looking forward to joining a team that also cares deeply about its customers by providing high quality sales and service.

Our longest tenured associate and bookkeeper, Donna Knighton will now be able to fully retire! And we sincerely thank her for her 32 years of loyal, trustworthy commitment and service to our family business.

For the near future, Teresa, Jennie, Katrina, and Lucy will continue to work from the Littleton office at 93 Main Street, and all email addresses and phone numbers will remain the same.

To you, our customers, thank you very much for your past business relationship with Hunkins & Eaton Agency. We believe this sale to Geo M. Stevens & Son will be a seamless and positive transition for you, our valued customers. Tonya and I would like to thank Donna, Teresa, Jennie, Katrina, and Lucy sincerely for their long standing, loyal commitment to our business; they fully embody the essence of a 'family business.' They are the best!

Thank you.

Sincerely,

Greg and Tonya Eastman
